

THE GLEICHEN CALL

VOLUME XXVIII NO. 1

GLEICHEN, ALBERTA, WEDNESDAY MARCH 21, 1934

SUBSCRIPTION \$2.00 PER YEAR

REGULAR MEETING OF GLEICHEN TOWN COUNCIL

The town council held another session with Mayor Yates and Councillors McConnell, MacCallum, C. Thompson, McDonald and McKay present, when much business was transacted.

The secretary was instructed to look into the matter of town properties and debenture assets for a revision and adjust this with the help of the auditor.

The water engineer of the Calgary Power Co. will be asked to come to Gleichen and inspect the water works with the object in view of extending the waterworks.

The franchise of the Calgary Power Co. will expire in August 1934. The town secretary had written the company inquiring what the new arrangement would be like. He had received a letter stating there would not be many changes and asked that the town advise them of any changes thought necessary. Some of the councillors stated that Cuny and Bassano's franchises expired about the same time as Gleichen's. The secretary was instructed to write those places and suggest that they get together and hold a meeting and discuss the new franchise.

Messrs. Collins & Collins accepted the appointment as auditors for the year 1934.

The question of painting the water pressure tank of the irrigation system came up for discussion. The secretary stated he had received an information from the engineer of the Calgary Power Co. that this should be done. It was decided to ask the engineer to look into this matter when he visits Gleichen to look over the water situation.

A bookbinder had inquired the price on the old pump at the water tower. The councillors set a price of \$10.00 it.

The secretary was instructed to write the different rubber companies and inquire the price of new hose without couplings.

A number of people had called at the town office and inquired the price of old buildings. The secretary and the building inspector had made a survey of the old buildings to which the town could take possession. Prices were set on some of the buildings which were already in possession at the function.

After much discussion of many other things pertaining to the town the meeting adjourned.

STAFF-CAPT. STEWART CONDUCTS UNITED CHURCH SERVICES

Guest speaker at the United Church last Sunday was Staff-Capt. Stewart of Calgary. Just over a year ago he visited here. He had been here before that and both session and congregation enthusiastically looked forward to his return.

In true Salvation Army type he presented his address by a number of testimonies and choruses. Then preaching from Paul's words to the Philippians goiter, "Believe in the Lord Jesus Christ and thou shalt be saved." He brought home the message forcibly. Many illustrations out of his own experience were used to bring home the truth. Many will remember the story of the midshipman who was so many of his comrades.

Mr. and Mrs. McLeay entertained their friends on Saturday evening.

The evening was spent in playing court whilst the prizes were won by Mrs. McKeever and Mr. W. Riddell, the consolations by B. Bushman and C. Nelson. A delightful lunch was served and all present enjoyed themselves had a good time. Those present were Mr. and Mrs. L. Koefield, Mr. and Mrs. A. McArtney and Donald, Mr. and Mrs. H. Day and family, Mr. and Mrs. W. Enford, Mr. and Mrs. W. McNeeror, Mr. and Mrs. C. Housch and family, Mr. and Mrs. J. H. Sammons, Mr. and Mrs. F. Sammons, Mr. and Mrs. G. Nelson and family, Mr. and Mrs. O. Calkins and Gleny, Mrs. Bushman, Berle and Duke, Mrs. Lois Elder, Mr. A. Buckley and Mr. W. Riddell.

REGULAR MEETING U.F.W.A. HELD LAST THURSDAY

The Gleichen U. F. W. A. met at the home of Mrs. A. N. McLeay, on Thursday 15th, and 25 members answered the roll call by naming their favorite Alberta author.

A telegram of congratulations and best wishes were sent to Mr. and Mrs. J. C. Baudry, at Edmonton on their fiftieth wedding anniversary.

A shower for Mrs. Floyd Sammons, general of the organization, was to be held at the home of Mrs. Wm. McKeever on Tuesday, March 20th.

One of the best and most interesting papers of the year was given by Mrs. O. Calkins on the life of the late "Jamey Canuck". Mrs. Read read a couple of chapters of Dorothy Canfield's book, "The Brimming Cup". A motion was passed to purchase another book. A dairy lunch was served by Mrs. W. H. McKeever, Mrs. B. McMillan, Mrs. F. Sammons and Mrs. E. Elder.

The next meeting will be held Thursday afternoon, March 29th, at the home of Mrs. G. E. Bell.

Here and There

In January 1931, 500 commercial vessels passed through the Panama Canal, paying \$2,150,679.33 in tolls, according to an announcement by the United States Waterway Commission. In the same month of 1932, 415 commercial vessels passed through \$56,100 in tolls.

It is reported that the amount paid to the government for the cost of toll, and the cost of operation is borne by the Canadian Taxpayer.

Mr. W. L. MacKenzie King, grandson of William Lyon MacKenzie, first mayor of Toronto, will be the speaker at the Centennial Dinner of the Royal Canadian Legion, March 5th, at the Royal York Hotel, Toronto, March 5. He will be introduced by ex-Mayor James L. Cross and a number of former mayors of Toronto will be present at the function.

Bringing back a United States speed skating title, Miss Edith Kinnefus was greeted by a large crowd of sport enthusiasts at the Canadian Pacific Railway station at Winnipeg recently on her return from Chicago where she had won the 440 yard speed skating race for women, shattering the American record.

Miss Dorothy Standish, of Banff, is now in New Zealand. She arrived in New Zealand on January 20th and descended down the aisle of the ballroom where the function took place, knelt at the feet of the Queen, Queen Mary, Dowager Duchess of Connaught and was crowned by her Queen Dorothy thanked her subjects and expressed the hope she would make as good a woman as her predecessor on the throne.

Something new in skiing has been evolved by the Lawsons, who have paradise down south. Monitored is the "Flying Kilometer" claimed to be the first time ever tried out on the American continent. The skier starts from a high point and runs down a specially prepared 35 degree slope. A speed of 55 miles an hour was recorded.

"The dogs like altitude," was the comment of Tom Wheeler, well-known eastern Canadian manager of Montreal's枫林大酒店, who took a six-passenger plane heading for the Lucia, New Hampshire, Dog Derby as a test for the Quebec International Dog Derby in which he also engaged.

No less warlike being a rifle expert, Captain D. Bain, manager of Canadian Pacific mountain hotels and bungalow camps in the Rockies states they will open up early in the year on account of large concentrations scheduled for the latter part of June. June 22 was stated by Mr. Bain to be the date when they would be opened.

It may look like a long winter but the year 1934 will be a short one. The owners tendered a banquet and presentations to the Winnipeg Rugby team at the Royal Alexandra Hotel in that city recently. They were in the play-offs for the Dominion Rugby championship last Fall.

It may look like a long winter but the year 1934 will be a short one. The owners tendered a banquet and presentations to the Winnipeg Rugby team at the Royal Alexandra Hotel in that city recently. They were in the play-offs for the Dominion Rugby championship last Fall.

Mr. and Mrs. Alexander Cochran Forbes Honeyman, of Quebec, after their marriage at Ottawa recently, Mrs. Forbes was Irene Helen Robbins, daughter of Hon. Dr. D. Robbins, United States Minister to Canada, and a relative of President Roosevelt.

SCHOOL CHOIR TAKES FIRST PLACE IN SINGING

At Drumbeller last Wednesday in the Girls Choir contest the Gleichen choir won first place and captured the Major Hanley cup in competition with Drumbeller. This cup is competed for annually by school choirs under 17 years of age and has been held by Drumbeller for the past four years. We are informed that the Gleichen choir consisted of members who are under 15 years of age, which makes the winning of this event all the more creditable.

Great credit is due to Mr. H. Myers for his patience in training these children for the occasion. Mr. Myers is continuing to train the choir which will be entered in the Stratmore school festival to take place on May 23rd. It might also be added here that a cup was presented to the teacher for producing the winning choir.

There were twenty girls in the choir and the following is the list of the singers: Freda MacCallum, Marie Desjardins, Winnie Careck, Helen Kelly, Bernice Kruse, Mary Downey, Elizabeth Goodechon, Margaret Gullath, Marian Varnell, Louise Alston, Virginia Taylor, Laura Morrow, Grace Anglin, Marian Gilbert, Marjorie House, Ruby Robinson, Eileen Jones, Isobel Kelly, Gertrude Desjardins, Winnie Gorrell.

THE WEEK AT OTTAWA

(By F. W. GERSHAW)

The Bank of Canada Bill has been passed on to the Committee for consideration by Major Powers, the member from Quebec East, got a motion through which will mean that Sir Herbert Holt, Sir Charles Gordon and other bank presidents will be asked to come and answer some questions about recent financial transactions. The pulp and paper industry, interlocking directorates, the C.P.R. loan and the influence of the monetary policy in increasing and decreasing prices, are some of the subjects they will be asked about.

Among the members in Ottawa, the Douglas System is a subject of many conversations. It is a problem that is difficult to get reliable information on and even among those who have read widely on this system, there are some great differences of opinion. Professor McQueen of the Saskatchewan University has just completed a series of six articles in the Winnipeg Free Press condemning the Douglas System as being a waste of money. He means that production is a continuous process and that although the salary, wages and dividends paid out in any one cycle would not be sufficient to pay back the initial outlay, ultimately, the amount of money set aside for reserves, interest and etc., becomes available for buying. Major Douglas is having some great crowds to hear him in New Zealand and many are hoping he will come to Canada on his way home. His system is directly opposed to the C. C. F. It provides for individual action while the C. C. F. looks to government ownership and government control of all the great industries of the country.

There was no interest debate on whether the Prime Minister should have the privilege of giving titles, through Sir Robert Bond, Mr. Arthur Meighen and Mr. King, but last year Mr. Bennett gave out some thirty titles. It was stated that many people these days wanted the title to a job or a home. Also, it was pointed out that often titles went to the wrong people and even if they went to the people who had rendered conspicuous service, that all who were deserving could not get these titles.

The U. S. A. senate have refused to approve of the dispensing of the St. Lawrence. The Prime Minister seemed a little disappointed but his supporters are delighted. Those in the far East and the West question the wisdom of this work at the present time and any Government that undertook it would meet much opposition. The millions that would go into this project could be spent in other ways, e.g., for better homes, more social legislation and pensions for deserving cases.

It may look like a long winter but the year 1934 will be a short one. The owners tendered a banquet and presentations to the Winnipeg Rugby team at the Royal Alexandra Hotel in that city recently. They were in the play-offs for the Dominion Rugby championship last Fall.

LOCAL GIRL GUIDES STAGE CRIBBAGE TOURNAMENT

The Gleichen Girl Guides held their first annual cribbage tournament on Friday evening last, which proved to be a great success, although the number attending was affected by other events that took place that evening.

Thirty two contestants entered the main event and were gradually eliminated until Mr. W. Vandell was declared champion cribbage player of Gleichen for the current year. He will hold this until the tournament date next year. The winner of the consolation event was Mr. W. W. Smith and of the Hard Luck event, Mr. R. Haskeyne. Mrs. A. F. MacCallum and of the Hand Luck event, Mr. and Mrs. S. L. Banigan. A delightful lunch was served including delicious British dishes. Mr. and Mrs. Green were presented with a china bridge set and Mr. and Mrs. Sammons were presented with glass fruit set from the "500" group for which the brides expressed their appreciation for the presents.

Various prizes were presented to the winners at lunch time by Miss Nera Downey, the Guide leader. She took the opportunity to explain the reason for holding the tournament, stating that the monies realized would be used to purchase uniforms for the members.

YOUNG PEOPLE'S SOC. STAGE CARD PARTY NEXT WEEK

Tuesday evening last the Gleichen Y.P.S. Society held their regular meeting in the Oddfellows hall. Business was first arranged for. After Secretary T. Clifford and the minutes of the previous meeting, Treasurer Clayton Wallis was called upon to read the financial statement. It was decided to put on a card party instead of the next regular meeting on March 27th, if the date proved feasible, in order to raise money. The society in common with everything else, is experiencing financial difficulties. The Society therefore ask all the townsfolk to go to their aid, and help as much as possible by their presence at the card party, the date of which will be confirmed in the near future.

The business discussion was then followed by a social-dancing being indulged in. Lunch was served at eleven thirty. Shortly after twelve all left for home somewhat tired but having enjoyed themselves thoroughly.

FROM THE FILES OF GLEICHEN CALL TWENTY YEARS AGO

Miss Edith Jones left on Saturday for Vancouver to visit friends. She was accompanied by her uncle Mr. W. Jones.

Jack McArthur, the popular captain of the Gleichen baseball team, returned Sunday from an extended visit to California, with a bride. The fans are awaiting an opportunity to see him again.

Some of the farmers are taking advantage of the good weather and conditions to start sowing in the Standard district.

Pets Tower returned last week from a visit to friends and relatives in Nebraska.

Next Monday evening the Oddfellows will entertain their lady friends with a social evening.

The Basman Mail makes the startling announcement that the last rail on the Basman-Swift Current cutoff has been laid in Gleichen.

Gen. Clegg of Winnipeg spent a couple of days here in his official capacity inspecting the improvements on the Blackfoot reserve.

The new Masonic Temple was duly opened on Tuesday night. It is located in the T. H. Beach block and is very conveniently arranged for lodges.

Owing to a dispute between the owners of the Palace Hotel and the lessee the hotel has been closed since Monday. It is said the differences will be settled in the courts.

Mrs. Forsythe of Cluny met with a painful accident on Friday last. While riding his horse fell and broke his leg in several places.

Guy Wade, J. O. Boggs' right hand man has been appointed a traveling salesman. "Muf's" many friends extend congratulations.

Arthur Hornbuckle caught a freight train for Cluny the other evening.

Having secured work there, But the train did not stop there, in fact it didn't even slow down from the grade and was going close to 30 miles an hour and Hornbuckle attempted to alight. He landed on his face in some gravel. Now he is under Dr. Farquharson's care.

ENTERTAINS TWO BRIDAL COUPLES

On Tuesday evening of last week, Mrs. Lois Elmer entertained at her home in honor of the two newly married couples, Mr. and Mrs. Ray Green and Mr. and Mrs. Floyd Sammons. The evening was spent in playing cards.

Three young couples were present: Mr. and Mrs. Grant, Jr. and Mr. and Mrs. Sammons. Conditions were excellent, and Society Banquet. A delightful lunch was served including delicious British dishes. Mr. and Mrs. Green were presented with a china bridge set and Mr. and Mrs. Sammons were presented with glass fruit set from the "500" group for which the brides expressed their appreciation for the presents.

Those present were Mr. and Mrs. Ray Green, Mr. and Mrs. Floyd Sammons, Mr. and Mrs. Mrs. Vera Green, Mr. and Mrs. Mrs. Leo Desjardins, Mr. and Mrs. J. Grant, Jr., Mr. and Mrs. W. H. McKeever, Mr. and Mrs. A. Plante, Mr. and Mrs. Miss Peterson, Misses Morrow, W. Brook, J. Plante, C. Murthies, E. Plante, A. Buckley, I. Nerland, C. Devitt, R. Cunningham, Scotty Rammage, Mrs. Cunningham and Miss Eller.

UNITED CHURCH

Palm Sunday
11 a.m. Church School
7:30 p.m. worship.

The Sacrament of the Lord's Supper will be observed at the close of the evening worship. Miss Ruth Northcott will be the solist and Mr. Gillill will conduct worship and preach.

THE TOWN CLERK

The clerk in a great majority of cases is the man who really keeps the machinery of the municipality in operation. Every year or so new men are elected to positions in the community. They usually run unopposed, this sometimes is usually the clerk. A councillor or alderman is moved up to the reeve or the mayor's chair and he is "green" about his new duties. The clerk sets him right and usually keeps him that way. Municipal councils couldn't get started and keep going without the clerk.

Pets Tower returned last week from a visit to friends and relatives in Nebraska.

Next Monday evening the Oddfellows will entertain their lady friends with a social evening.

The Basman Mail makes the startling announcement that the last rail on the Basman-Swift Current cutoff has been laid in Gleichen.

Gen. Clegg of Winnipeg spent a couple of days here in his official capacity inspecting the improvements on the Blackfoot reserve.

Expert Handling of Water

I am still on the job for surveying and making ditches, cuts, fills and laying out plots, for irrigation, hay grounds, and any kind of advice cheerfully given.

WALTER E. ANGLIN

And if he has tact and good judgement and uses common sense the municipality is generally given credit for having a good council.

Did you ever notice that "tall" doesn't hurt a man much? Perfection isn't looked for in man, and when some one tries to injure a man by ranting about a few faults he has, the absent one, who is probably attending to his own affairs, is educated in the hearer's opinion, while the informant is left along doing fairly well, people realize that while he was some faults, he has more virtues, and they are charitable enough to overlook these faults.

Each day's weather is the same on the moon, so there would be nothing to talk about, even if it were inhab-

Cash Buying

Low expenses and careful management enable us to retail coal at a reasonable price consistent with good quality and service. Our sales are nearly double over last year. There are reasons which you should find out.

ORANGE PEKOE BLEND "SALADA" TEA

"Fresh from the Gardens"

Health For Young Girls Happiness For Tired Women

Thousands of women become tired out and run down, become thin and pale, and profound weakness makes life a burden.

The taste and colour of life is changed when the nervous, sick headaches, the sleeplessness, the spells of dizziness, of weakness and chronic tiredness, and the tired, languid feelings disappear with the use of Milburn's H. & N. Pills. They tone up the nerves, enrich the blood, and bring the health back to normal again.

A Toll Equal To War

Once a year for several years past with the approach of Spring which heralds, among other important happenings, the return of tens of thousands of motor cars and trucks to the highways of the country, attention has been directed in this column to the responsibility which rests upon the drivers of these cars and trucks to exercise due caution in their operation. Once again the attention of all motorists is drawn to this vitally important matter.

With the invention of the motor car, a new machine of great utility, as well as a source of pleasure, was provided. It is a machine of great power, and with the passing of the years the power of the individual car or truck has steadily increased. In so far as the machine itself is concerned, and keeping pace with its increased power and speed, there has been consistent improvement in its strength and in the provision of manifold safety devices. The modern car is, therefore, less liable to accident than its predecessor of fifteen, ten, even five years ago.

Further, with the enormous increase in the number of cars and trucks in the country, there has been a great improvement in highway construction and maintenance, calculated to decrease accidents. On the other hand, these better highways have made possible driving at greater speeds than were possible upon the old roads of bygone years, and have encouraged the purchase of many more cars, both of which factors have resulted in greater density of traffic, and traffic moving much more rapidly.

Thus, to a greater degree than ever before, the human factor—the man or the woman at the wheel—becomes the controller in the matter of accidents. Unfortunately, far too many drivers fail to appreciate the enormous power of the machine they are operating—a power for destruction just as truly as a power for transportation. It is a power within the control of almost countless thousands of individuals which, improperly controlled, may mean death and injury not only to the careless and reckless motorist, but to others who are exercising every possible care and driving with the utmost caution and consideration for others.

"What war was?" was the pointed question asked in the British House of Commons recently, during a debate on a motion dealing with the serious increase in the number of road accidents, when the Home Secretary submitted figures of "killed and injured" in road accidents in Great Britain in the eight years 1926-33. The figures were: Killed, 56,837; injured, 1,421,063. Furthermore, the detailed figures revealed an increase in the toll taken in each succeeding year.

Such was the record in a country noted for its good roads, for the excellence of the workmanship upon its cars, and for general observance of laws and regulations. It is a record which establishes how necessary it is that men and women should exercise the greatest care at all times and under all circumstances in the operation of their motor cars.

At this time, owing to prevailing economic conditions, many people are operating cars which, under other and better conditions, which prevailed a few years ago, they should have replaced with better cars. They are still using well worn tires which in other years they would have replaced with new and stronger tires. Because of the necessity of keeping expenditures for repairs down to a minimum, many cars have not been overhauled in former years; brakes may not be in full working order; lamps may be defective; springs and bolts and other accessories may be worn thin, nigh to the breaking point. Such cars, if operated at an undue speed, may easily spell disaster not only for the driver and passengers, but for other motorists or pedestrians. All persons whose cars are not in absolutely first class condition are under the grave responsibility of driving with unusual care and observing every precaution. In fact, they owe a duty to themselves and to all other people not to operate their cars if they are in a condition dangerous to operate.

But whether a car is in first class shape or not, the oft-repeated and emphasized duty which devolves upon all motorists remains. That duty is to know and to observe the accepted regulations governing traffic upon the highways and to obey the laws enacted for the protection of all and in the common interest of all. Even if laws and regulations did not establish a code of conduct for both motorists and pedestrians, there is the courtesy of the road which should be maintained and observed. Men should conduct themselves as gentlemen and women should behave as ladies. Courtesy should prevail over selfishness.

Instead of the present appalling record of accidents; instead of that record increasing higher year after year, a change for the better—a lower record—can be brought about to be established in 1934. It lies in the power of the individual motorist to bring about such a desirable result, and the motorist, more than any other person, will benefit therefrom.

Nothing Accomplished

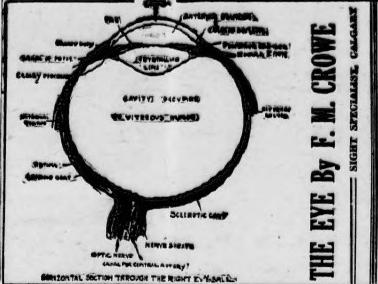

Just thirty years ago Japan declared war on Russia. Now we are knocking the chips off each other's shoulders again, and should they come to blows there will be a like outcome. Yet of what avail will it be if one overcomes the other, except it bring joy and gold to the munition factories of other countries.

A Strict Censorship

No amount of "cutting" will let a film pass a German censor under a new law now in effect—once the film has been placed on the blacklist. The law, which virtually authorized the Propaganda Ministry to veto or censor any film before it is made, provides that foreign films which in their original version seem derogatory to German interests may not be shown in Germany.

China's Unclaimed Dead

A total of 17,538 unclaimed bodies were found in the streets, creeks, and on the waterfront of Shanghai during 1933, according to the annual report of the Lung Yen Fu-An Tong Benevolent Society. This society, entirely financed by Chinese, dedicates itself to burying the city's unclaimed dead and to providing coffins for poor families as well as giving free medical service to paupers,

THE EYE BY F. M. CROWE
SIGHT SPECIALIST CALGARY

Marvels of the Human Eye

By F. M. CROWE, Optometrist-Optician, Calgary

NO. 3—SOME OF THE PARTS AND THEIR USES

The Vitreous Humor is the transparent fluid filling about the four-fifths posterior cavity of the globe which is thus enabled to retain its shape. It resembles the white of an egg and is surrounded by the Retina. The Lens hangs vertically in a depression. Its convex form makes for itself the case if we are to distinguish it? This is accomplished by the two very convex lenses described namely the lens of accommodation and the lens of refraction. The lens of accommodation becomes still more convex or "accommodates" for the distance we desire to see. At the age of twelve the accommodation is at its peak. A child can focus from the eyes easily through them from the eyes at arm's length, but with increasing years the accommodation diminishes and in the average person of forty, focusing for the usual reading

distances about four-tenths inches has become such an effort of strain that the print book or runs together and if continued brings on headaches, nervousness, irritability and other unpleasant symptoms due to using up so much nervous energy in this purpose. Hence the operation for this condition is properly fitted glasses, and as the accommodation continues to decrease till about the age of sixty, so the lenses must be changed periodically although the vision for distant object may remain as good as it ever was.

Besides the muscles inside the eye there are six pairs attached to the outside and various nerves supply power for their functioning. Just how this functioning, whether harmonious or otherwise, takes place will be the subject of another article.

What we call the eye is the Eye and what an amount of work it has to perform when normal, but when abnormal, through being too long, too short, imperfectly curved, containing fluid in excess or from other causes we must expect poor and uncomfortable vision and often even more serious disturbances affecting our health.

People Want New Models

Dealers Report Auto Sales Have Doubled in Vancouver

Automobile sales in Vancouver since the beginning of 1934 are double those for the same period last year, it is officially announced, and all indications point to 1934 being the most prosperous year in the automobile industry since 1929.

Motor dealers expect that the public demand for new models is making delivery difficult and it is expected that it will be impossible to fill many buying orders except on a "delayed delivery" basis.

SHE LOST WEIGHT EACH WEEK

The Ideal Way To Reduce

A woman writes to tell how she is reducing excess fat—and her way seems to be the ideal way.

"I am 49 years old, 5 ft 5 1/4 in. in height, and was 190 lbs. when I started to diet. I used the tea-cooking method. Salt-free soups, mainly. I went slowly down in weight—some weeks 2 lbs., others just 1 lb., until I got down to 154 lbs. I have never felt better. I am now 150 lbs. and now feel I feel so much lighter and feel years younger." (Mrs. W. J.)

The action of Krusche's Salts, taken regularly every morning, is to effect a rapid removal of surplus fat, substances and watery waste matter. It is that waste matter which is stored up in the form of ugly fat if it is not regularly expelled.

FREE TRIAL OFFER

If you have never tried Krusche's—try it now. You will be surprised at the many special "GIANT" packages which make it possible to get a large quantity of the salt at a low price. Ask your druggist for the new "GIANT" package.

Results of our regular "hot bath" together with a special trial bottle—half a pound of salt—will give you a trial of the salt, and then, if not satisfied, return the bottle and get a full refund.

Send today for your free sample.

John A. Campbell, of Kincardine, Ontario, bought a noon-day job that tags along behind his car—an 80-mile drive a day, as lightly as its shadow. His pet is a full-grown doe. The history of the deer's attachment to the former dates back to Blackberry season, 1932. Mr. Campbell found her near his house, apparently abandoned. She willingly went home with him. Now that she is full grown she waits for him outside his door like a sentinel. When he comes out she follows him about. And when he goes for a drive in his car she lopes along beside him.

When Painting Was Crime

Considered Sign Of Worldliness In Early New England

Paint, now recognized as a protection and a beautifier, was considered a sign of worldliness and vanity in early New England. In 1639, a clergymen of Charlestown, Mass., was haled before the city council, charged with the serious crime of painting the interior of his house. During the next forty years there was not a painter in all New England.

Made Many Rescue Flights

During the last five years between 300 and 400 rescue flights have been undertaken in the mountain planes of the Red Cross Aerial Ambulance Service of Sweden. These flights are in the most dangerous and difficult circumstances in a temperature of 40 degrees centigrade below zero, in the face of blizzards, in darkness and fog with adventurous descents in unknown places.

Town & District

Mrs. V. M. has been spending the last few days with friends in Calgary.

W. P. Pineau is directing a play to be put on the latter part of April.

T. Krause who has been ill in bed for several days, is up and around again.

Miss Ruth Northeast, violinist, will be soloist at the Sacramento Service in the United Church next Sunday.

K. R. McLean, Sight Specialist, 224 8th Ave. West, Calgary, will be at Dr. Farquharson's office Monday, March 25th up to 1 p.m.

C. Pinckett has vacated his home where he has been all winter, and is at present staying with W. W. Brown.

Last Wednesday evening, Western Desjardins entertained his grand hockey club at a home game. The boys agree Wes is a good sport, and Mrs. F. Desjardins a good cook. They especially enjoyed the "I scream" (ice cream) as a dessert.

During the week a series of special services is being conducted at the Eventide Home each evening at 8 p.m. They were opened last Sunday afternoon by Staff Captain and Mrs. T. S. Stewart, of Calgary. Other officers of Calgary and our two local ministers, Revs. J. W. House and V. M. Gilbert have been enlisted as speakers. The public are invited.

About 75 friends and neighbors gathered at the Meadowbrook Community Hall on Friday evening to bid farewell to Mr. and Mrs. Paul Bushman and family who are leaving the district and moving to Tudor where they will make their new home. The evening was spent in cards and dancing. Mr. Neil McMillan and Mrs. A. N. McLevy won first prizes for court whist, while Mrs. C. Roucette and Mr. J. W. Hutchison received the consolation prizes.

A number of subscriptions to The Cal are due and we would ask each and every subscriber to give the most immediate attention as we are very much in need of these small amounts at present, which in the aggregate amount to several hundred dollars. In the past we have had subscribers in arrears, and consequently have been obliged to pay out cash until it hurt. We would now request each subscriber to return the trust by doing their best to settle their account or at least let us know what we may expect.

Gleichenites have reason to feel proud of the Gunners. We have the second best intermediate team in Western Canada, and next year we hope to have the best. Olds lost out with several large scores to Coleman, while in the final Swift Current lost to the "Cole" town by a large score especially the last game. The Gunners gave Coleman the best run for the money and if one of the final games had been played on Gleichen ice before a local crowd Coleman would probably never had made the winning goal. Cole, we congratulate you in winning the Western Canadian Intermediate hockey championship.

A number of friends and neighbors gathered at the home of Mr. P. Brown on Thursday evening to wish him many happy returns of the day. The occasion being his birthday, and a large cake was provided for the lunch. On behalf of his friends Mr. Stava Williams presented Mr. Brown with a leather bill fold as a token of esteem. As his birthday was the following day, the cake was cut and the presentation made after midnight. Those present enjoyed an evening of cards and dancing, and all Mr. Brown's friends join in wishing him many prosperous and happy years ahead.

At a meeting held on March 15th of the Gleichen Boy Scouts, seventeen boys were in attendance. A competition is on between the patrols each week. Each patrol has a corner and they decorate and receive points for the things they bring. This week Pigeons, Os and Foxes each received a point. The standing now is Crows 12, Pigeons 9, Owls 8, Foxes 8. Next week Mr. Gooderham will give a short lecture. Any person wishing to attend these meetings will be welcome.

COMING EVENTS

March 31—St. Andrew's W. A. Easter Tea and sale of home cooking.
April 2—Annual Firemen's dance Con. Hall.
